Test your trading knowledge and skills-without risking any money You may read the best trading book, but how much of that knowledge will you retain a week later? This is why you need this Study Guide for The New Trading for a Living. It'll give you a firmer grasp of the essential trading rules and skills. This Study Guide, based on the bestselling trading book of all time, was created by its author to help you master the key points of his classic book. The Study Guide's 170 multiple-choice questions are divided into 11 chapters, each with its own rating scale. They cover the entire range of trading topics, from psychology to system design, from risk management to becoming an organized trader. Each question is linked to a specific chapter in the main book, while the Answers section functions like a mini-textbook. It doesn't just tell you that A is right or B is wrong-it provides extensive comments on both the correct and incorrect answers. This Study Guide also contains 17 charts that challenge you to recognize various trading signals and patterns. Everything is designed to help you become a better trader. Consider getting two books as a package-the Study Guide and The New Trading for a Living. They're designed to work together as a unique educational tool. The Study Guide for The New Trading for a Living is a valuable resource for any trader who wants to achieve sustainable market success.

Get more practice with the essential medical assisting job skills! Designed to support Kinn's The Administrative Medical Assistant: An Applied Learning Approach, 13th Edition, Kinn's The Administrative Medical Assistant - Study Guide and Procedure Checklist Manual Package: An Applied Learning Approach, 13th Edition offers a wide range of exercises to reinforce your understanding of common administrative skills - including CAAHEP and ABHES competencies. A variety of exercises test your knowledge and critical thinking skills with vocabulary review, multiple choice, fill in the blank, and true/false questions. Additional exercises enhance learning with skills and concepts, word puzzles, case studies, workplace applications, and Internet activities. Procedure checklists help you track your performance of every procedure included in the textbook. Work products allow you to provide documentation to instructors and to accrediting organizations when a competency has been mastered. Cross-references tie together exercises in the study guide to the Connections theme in the main text. NEW! Eight procedure checklists based on CAAHEP competencies provide an assessment tool for MA procedures. NEW! Glucometer test results and Mantoux test records allow you to assess how well you're able to perform these procedures. NEW! Coverage of ICD-10 prepares you to use this new code set. NEW! SimChart for the Medical Office Connection ties EHR cases to appropriate chapters.
