passenger, a man of middle height, shabbily dressed, with broad shoulders and long arms and a most unusual breadth and depth of chest. Of his face one could see little, for it was covered by a thick growth of dark curly hair, beard, moustache and whiskers, all overgrown and ill-tended, and as he came with a somewhat slow and ungainly walk along the platform, the lad stationed at the gate to collect tickets grinned amusedly and called to one of the porters near.

For medical professionals who may struggle with making the leap to conceptual understanding and applying physics, the eighth edition continues to build transferable problem-solving skills. It includes a set of features such as Analyzing-Multiple-Concept Problems, Check Your Understanding, Concepts & Calculations, and Concepts at a Glance. This helps the reader to first identify the physics concepts, then associate the appropriate mathematical equations, and finally to work out an algebraic solution.
