Mules and Men is a treasury of black America's folklore as collected by a famous storyteller and anthropologist who grew up hearing the songs and sermons, sayings and tall tales that have formed an oral history of the South since the time of slavery. Returning to her hometown of Eatonville, Florida, to gather material, Zora Neale Hurston recalls "a hilarious night with a pinch of everything social mixed with the storytelling." Set intimately within the social context of black life, the stories, "big old lies," songs, Vodou customs, and superstitions recorded in these pages capture the imagination and bring back to life the humor and wisdom that is the unique heritage of African Americans.

Sethe, an escaped slave living in post-Civil War Ohio with her daughter and mother-in-law, is haunted persistently by the ghost of the dead baby girl whom she sacrificed, in a new edition of the Nobel Laureate's Pulitzer Prize-winning novel. Reader's Guide available. Reprint. 60,000 first printing.

This novel of turn-of-the-century white "Florida Crackers" marks a daring departure for the author famous for her complex accounts of black culture and heritage. Full of insights into the nature of love, attraction, faith, and loyalty, Seraph on the Suwanee is the compelling story of two people at once deeply in love and deeply at odds. The heroine, young Arvey Henson, is convinced she will never find true love and happiness, and defends herself from unwanted suitors by throwing hysterical fits and professing religious fervor. Arvey meets her match, however, in handsome Jim Meserve, a bright, enterprising young man who knows that Arvey is the woman for him, and refuses to allow her to convince him otherwise. With the same passion and understanding that have made *Their Eyes Were Watching God* a classic, Hurston explores the evolution of a marriage full of love but very little communication and the desires of a young woman In search of herself and her place in the world.

A new edition of the trusted bestseller

The manual can be purchased alone or with and optional CD-ROM presenting two additional practice tests with automatic scoring

From the award-winning author of "Love Medicine" comes a vibrant tale of abandonment and sexual obsession, jealousy and unstinting love--a 40-year saga brimming with original and powerful characters.

Winner of the John Dos Passos Prize for Literature "Stunning." —Newsweek With the same audacity with which John Steinbeck wrote about migrant worker conditions in *The Grapes of Wrath* and T.C. Boyle in *The Tortilla Curtain*, Viramontes presents a moving and powerful vision of the lives of the men, women, and children who endure a second-class existence and labor under dangerous conditions in California's fields. At the center of this powerful tale is Estrella, a girl about to cross the perilous border to womanhood. What she knows of life comes from her mother, who has survived abandonment by her husband in a land that treats her as if she were invisible, even though she and her children pick the crops of the farms that feed its people. But within Estrella, seeds of growth and change are stirring. And in the arms of Alejo, they burst into a full, fierce flower as she tastes the joy and pain of first love. Pushed to the margins of society, she learns to fight back and is able to help the young farmworker she loves when his ambitions and very life are threatened in a harvest of death. Infused with the beauty of the California landscape and shifting splendors of the passing seasons juxtaposed with the bleakness of poverty, this vividly imagined novel is worthy of the people it celebrates and whose story it tells so magnificently. The simple lyrical beauty of Viramontes' prose, her haunting use of image and metaphor, and the urgency of her themes all announce *Under the Feat of Jesus* as a landmark work of American fiction.

Astronomy and Astrophysics Abstracts aims to present a comprehensive documentation of the literature concerning all aspects of astronomy, astrophysics, and their border fields. It is devoted to the recording, summarizing, and indexing of the relevant publications throughout the world. Astronomy and Astrophysics Abstracts is prepared by a special department of the Astronomisches Rechen-Institut under the auspices of the International Astronomical Union. Volume 44 records literature published in 1987 and received before February 15, 1988. Some older documents which we received late and which are not surveyed in earlier volumes are included too. We acknowledge with thanks contributions of our colleagues all over the world. We also express our gratitude to all organizations, observatories, and publishers which provide us with complimentary copies of their publications. Dr. Siegfried Böhme retired from his duties as co-editor of Astronomy and Astrophysics Abstracts on December 31, 1987. Since 1950 he participated in the bibliographic work of the institute. He served as a reviewer for the Astronomischer Jahresbericht and became one of the editors of Astronomy and Astrophysics Abstracts in 1969. After his retirement in 1975 he took care of, particularly, the Russian literature on a voluntary basis for 12 years. It is a pleasure to thank Siegfried Böhme for his valuable contributions. Starting with Volume 33, all the recording, correction, and data processing work was done by means of computers. The recording was done by our technical staff members Ms. Helga Ballmann, Ms. Christiane Jehn, Ms. Monika Kohl, Ms.
