One of the longest-serving types of engines produced by Ford Motor Company is the Ford Small Block 351 cu in (5.8 L). This engine comes in a series of automobile V8 engines.

Best Carburetor for 351  
Windsor - MechanicWiz.Com  
The Ford 335 engine family was a group of engines built by the Ford Motor Company between 1969 and 1982. The "335" designation reflected Ford management's decision to produce an engine of that size (335 cubic inches) with room for expansion during its development. This engine family began production in
