Studies in adult learning theory show that adults prefer courses that focus heavily on application of concepts to relevant issues. To retain and use new information they need to be able to integrate the information with what they already know. Tasks must be slow to moderate pace and not complex or unusual to avoid interference with adult learning.

Adult ministry poses a unique challenge to churches today -- a challenge that many of us fail to meet adequately. The tragic result is an exodus of the best and brightest from our pews, not because these people have changed their theology or abandoned God. They just don't find much at church that seems immediately relevant or compelling. For nearly fifty years Kenneth O. Gangel has been teaching church leaders how to do adult ministry right. In this volume he has distilled his insights into an easy-to-grasp-and-apply analysis of what it takes to capture the attention and guarantee the participation of adults in your church, including: * Specific advice based on ages, genders, and circumstances peculiar to certain ministries * Proven, cutting-edge curriculum models that can revitalize your church's adult instruction * Contemporary solutions to the most common problems we encounter in ministering to today's adults Whether they know it or not, even those who are lagging in church attendance and distancing themselves from other believers still need the time-proven, heaven-given blessings only the church can offer them. As you read this book, Gangel will give you fresh ideas about how to draw these drifters back into the fold. The real-life stories he tells and the successful strategies he outlines may strike in your heart some spark of imagination and renewed commitment that will help you to bring new life to the adult ministry of the church you serve.

Your hands-on guide to teaching adults. . . no matter what the subject In this expanded edition of How to Teach Adults, Dan Spalding offers practical teaching and classroom management suggestions that are designed for anyone who works with adult learners, particularly new faculty, adjuncts, those in community colleges, ESL teachers, and graduate students. This reader-friendly resource covers all phases of the teaching process from planning what to teach, to managing a classroom, to growing as a professional in the field. How to Teach Adults can guide new instructors who are trying to get up to speed on their own or can help teacher trainers cover what their students need to know before they get in front of a class. It is filled with down-to-earth tips and checklists on such topics as connecting with adult students, facilitating discussions, and writing tests, plus everything you need to remember to put into your syllabus and how to choose the right textbook. Dan Spalding reveals what it takes to teach all students the skills they need to learn, no matter what the topic or subject matter. Full of vivid examples from real-world classrooms, this edition: Shows how to get started and tips for designing your course Includes information for creating a solid lesson plan Gives suggestions for developing your teacher persona How to Teach Adults offers the framework, ideas, and tools needed to conduct your class or workshop with confidence.

New York Times bestselling author Julie Lythcott-Haims is back with a groundbreakingly frank guide to being a grown-up What does it mean to be an adult? In the twentieth century, psychologists came up with five markers of adulthood: finish your education, get a job, leave home, marry, and have children. Since then, every generation has been held to those same markers. Yet so much has changed about the world and living in it since that sequence was formulated. All of those markers are choices, and they're all valid, but any one person's choices along those lines do not make them more or less an adult. A former Stanford dean of freshmen and undergraduate advising and author of the perennial bestseller How to Raise an Adult and of the lauded memoir Real American, Julie Lythcott-Haims has encountered hundreds of twentysomethings (and thirtysomethings, too), who, faced with those markers, feel they're just playing the part of "adult," while struggling with anxiety, stress, and general unease. In Your Turn, Julie offers compassion, personal experience, and practical strategies for living a more authentic adulthood, as well as inspiration through interviews with dozens of voices from the rich diversity of the human population who have successfully launched their adult lives. Being an adult, it turns out, is not about any particular checklist; it is, instead, a process, one you can get progressively better at over time--becoming more comfortable with uncertainty and gaining the knowhow to keep going. Once you begin to practice it, being an adult becomes the most complicated yet also the most abundantly rewarding and natural thing. And Julie Lythcott-Haims is here to help readers take their turn.

The Quarterly Commentary/Teacher Manual provides the instructor with a comprehensive guide of the International Sunday School curriculum. Every lesson is true to the Bible, with the powerful application of Biblical truths for the pupil's everyday life. It features: Simplified teaching plans Unified themes Continual growth plans for teacher training Principles of how to lead adults to Christ Thought-provoking questions for discussions

Continuing the incredible popularity of Alfred's Basic Adult Piano Course, this new book adapts the same friendly and informative style for adults who wish to teach themselves. With the study guide pages that have been added to introduce the music, it's almost like having a piano teacher beside you as you learn the skills needed to perform popular and familiar music. There are also five bonus pieces: At Last * Have Yourself a Merry Little Christmas * Laura * Over the Rainbow * Singin' in the Rain. Included is a recording containing the piano part and an engaging arrangement for each of the 65 musical examples. 192 pages.

Solidly grounded in theory and research, but concise and practice-oriented, *Adult Learning: Linking Theory and Practice* is perfect for master's-level students and practitioners alike. Sharan Merriam and Laura Bierema have infused each chapter with practical applications for instruction which will help readers personally relate to the material. The contents covers: Adult Learning in Today's World Traditional Learning Theories Andragogy Self-Directed Learning Transformative Learning Experience and Learning Body and Spirit in Learning Motivation and Learning The Brain and Cognitive Functioning Adult Learning in the Digital Age Critical Thinking and Critical Perspectives Culture and Context Discussion questions and activities for reflection are included at the end of each chapter.
