## Advanced Computer Architecture Final Exam Solutions

There will be a final written exam assessing both theoretical and practical aspects of the subject, and will, to a substantial extent, be based on an article about a recent processor product, which we will study in class in advance. This exam counts for the remaining 80% of the marks. There will be detailed feedback on the coursework exercises which will include written feedback on your individual submission and in-class and/ or written feedback

NOC | Advanced Computer  
Architecture

Final exam -25% of grade.

Individual or group project - 40%  
of grade. The project is a  
semester-long assignment that  
should reflect the goal of being no  
more than "a stone's throw" away  
from a research paper. As such, the  
project will require: written  
proposal (no more than 3 pages),  
due TBD.
