History
Labor unions in the United States are organizations that represent workers in many industries recognized under US labor law since the 1935 enactment of the National Labor Relations Act. Their activity today centers on collective bargaining over wages, benefits, and working conditions for their membership, and on representing their members in disputes with management over violations of contract ...

unions. Other contributors examine the anti-labor movement against a backdrop of larger forces, such as the intersection of race and ethnicity with anti-labor activity, and anti-unionism in the context of neoliberalism.

Timely and revealing, *Against Labor* deepens our understanding of management history and employer activism and their metamorphic effects on workplace and society.

Contributors: Michael Dennis, Elizabeth Esch, Rosemary Feurer, Dolores E. Janiewski, Thomas A. Klug, Chad Pearson, Peter Rachleff, David Roediger, Howard Stanger, and Robert Woodrum.

Where To Download Against Labor How U S Employers Organized To Defeat Union

A major revision of the history of labor law in the United States in the early twentieth century, "Lawyers against Labor" goes beyond legal issues to consider cultural, political, and industrial history as well. In the first full treatment of the turn-of-the-century American Anti-Boycott Association (AABA), Daniel Ernst ably leads the reader through a compelling story of business and politics. The AABA was an organization of small- to medium-sized employers whose staff litigated and lobbied against organized labor. Ernst captures in depth the characters involved, bringing them to life with a writer's eye and

a touch of wit. As he examines the AABA at work to combat trade unions through the courts, he introduces its most notable leaders, Daniel Davenport and Walter Gordon Merritt - who personified the opposing points of view - and shows how pluralism had won itself a place in the legal, academic, political, corporate, and even trade-union worlds long before the New Deal.

Roediger, Howard Stanger, and Robert Woodrum.

The power of unions in workers' lives and in the American political system has declined dramatically since the 1970s. In recent years, many have argued that the crisis took root when unions stopped reaching out to workers and workers turned away from unions. But here Lane Windham tells a different story. Highlighting the integral, often-overlooked contributions of women, people of color, young workers, and southerners, Windham reveals how in the 1970s workers

Where To Download Against Labor How U S Employers Organized To Defeat Union

combined old working-class tools—like unions and labor law—with legislative gains from the civil and women's rights movements to help shore up their prospects. Through close-up studies of workers' campaigns in shipbuilding, textiles, retail, and service, Windham overturns widely held myths about labor's decline, showing instead how employers united to manipulate weak labor law and quash a new wave of worker organizing. Recounting how employees attempted to unionize against overwhelming odds, *Knocking on Labor's Door* dramatically refashions the narrative of working-class struggle during a

Where To Download Against Labor How U S Employers Organized To Defeat Union

crucial decade and shakes up current debates about labor's future. Windham's story inspires both hope and indignation, and will become a must-read in labor, civil rights, and women's history.

From longtime New York Times labor correspondent, an in-depth and stirring look at working men and women in America, the challenges they face, and the ways in which they can be re-empowered. In an era when corporate profits have soared while wages have flatlined, millions of Americans are searching for ways to improve their lives,

Where To Download Against Labor How U S Employers Organized To Defeat Union

and they're often turning to labor unions and worker action, whether #RedforEd teachers' strikes or the Fight for \$15. Wage stagnation, low-wage work, and blighted blue-collar communities have become an all-too-common part of modern-day America, and behind these trends is a little-discussed problem: the decades-long decline in worker power. This decline is reflected in some of the most pressing problems facing our nation today, including income inequality, declining social mobility, the gender pay gap, and the concentration of political power in the hands of the wealthy. In his sweeping, robust new

Where To Download Against Labor How U S Employers Organized To Defeat Union

work, Steven Greenhouse rebuts the often-stated view that labor unions are outmoded--or even harmful--by recounting some of labor's victories, and the efforts of several of today's most innovative and successful worker groups. He shows us the modern labor landscape through the stories of dozens of American workers, from G.M. workers to Uber drivers, and we see how unions historically have empowered--and lifted--the most marginalized, including young women garment workers in New York in 1909, black sanitation workers in Memphis in 1968, and hotel housekeepers today. Greenhouse proposes

Where To Download Against Labor How U S Employers Organized To Defeat Union

concrete, feasible ways in which workers' collective power can be--and is being--rekindled and reimagined in the twenty-first century.

By examining the history of the legal regulation of union actions, this fascinating book offers a new interpretation of American labor-law policy--and its harmful impact on workers today.

The thrilling and true account of racketeering and union corruption in mid-century New York, when unions and the mob

were locked in a power struggle that reverberates to this day In 1949, in New York City's crowded Garment District, a union organizer named William Lurye was stabbed to death by a mob assassin. Through the lens of this murder case, prize-winning authors David Witwer and Catherine Rios explore American labor history at its critical turning point, drawing on FBI case files and the private papers of investigative journalists who first broke the story. A narrative that originates in the garment industry of mid-century New York, which produced over 80 percent of the nation's dresses at the time, Murder in the

Garment District is destined to become a classic work of history—one that also explains the current troubled state of unions in America.

Traces the history of labor unions in the United States, including the first labor strike in Jamestown, the impact of the Great Depression on labor unions, and the challenges unions face today.

"This riveting, nuanced book takes seriously the workplace radicalism of many early twentieth century American workers. The

Where To Download Against Labor How U S Employers Organized To Defeat Union

restriction of working class militancy to the workplace, it shows, was no mere economism. Organizational rather than psychological in orientation, *Battling For American Labor* accounts for both the early preference of dockworkers in Philadelphia and hotel and restaurant workers in New York for the IWW rather than the AFL and for the reversal of this choice in the 1920s. In so doing, it points the way to a fresh reading of American labor history."—Ira Katznelson, Columbia University "Howard Kimeldorf's book, based on sound and solid historical research in archives, newspapers, journals, memoirs and

oral histories, argues that workers in the United States, regardless of their precise union affiliation, harbored syndicalist tendencies which manifested themselves in direct action on the job. Because Kimeldorf's book reinterprets much of the history of the labor movement in the United States, it will surely generate much controversy among scholars and capture the attention of readers."—Melvyn Dubofsky, Binghamton University, SUNY "Howard Kimeldorf's new book is a very exciting accomplishment. This book will surely leave a major imprint on labor history and the sociology of labor.

Where To Download Against Labor How U S Employers Organized To Defeat Union

Kimeldorf's focus on repertoires of collective action and practice instead of ideology is a particularly important contribution; one that will force students of labor to rethink many worn-out arguments. After reading *Battling For American Labor*, one will no longer be able to assume the IWW's defeat was inevitable, or take seriously psychological theories of worker consciousness."—David Wellman, author of *The Union Makes Us Strong*
