Richard A. Cohen is a Christian psychotherapist and author associated with the ex-gay movement. He is a co-founder of Positive Approaches to Healthy Sexuality. In 2002, Cohen was expelled from the American Counselling Association for multiple violations. Cohen entered into an arranged marriage in 1980 and claims to have been "exclusively heterosexual" since 1987, after affairs with men even as he publicly portrayed himself as a "former homosexual". He is author of Alfie's Home, a children's book

A boy who does not get the attention he needs from his father, and who has been abused by his uncle, believes he may be gay until he talks to a counselor

Everyone knows someone with a homosexual orientation: a neighbor, co-worker, relative or friend. "Coming Out Straight" sheds light on a long misunderstood subject. Questions such as what causes same-sex attractions and how one can transition from gay to straight are addressed. Illustrated by those who successfully transitioned, this book is engrossing, illuminating, and for many, an answer to their prayers. Although it may create controversy, it is destined to heal many lives - a loved one...or maybe yours!

HOPE AND HEALING FOR FAMILIES Out of his own experience and the experience of many of those he has served in his counseling practice, Richard Cohen sets out a step-by-step plan that offers a path toward renewed family relationships grounded in love, faith and mutual respect.

Alfie and Bernard want to be friends with the most popular big boy, Ian, but he doesn't pay any attention to them.

Coming Out Straight details author Richard Cohen's personal journey out of homosexuality, and also recounts his experiences over the past 25 years helping thousands of men and women resolve their unwanted same-sex attraction and fulfill their heterosexual potential. This

book is engrossing, illuminating, and for many, an answer to prayer.

A young boy discusses his divorced father's new living situation, in which the father and his gay roommate share eating, doing chores, playing, loving, and living.

Argues that public finance--the study of the government's role in economics--should incorporate principles from behavior economics and other branches of psychology.

The gripping account of a once-in-a-lifetime football team and their lone championship season For Rich Cohen and millions of other fans, the 1985 Chicago Bears were more than a football team: they were the greatest football team ever—a gang of colorful nuts, dancing and pounding their way to victory. They won a Super Bowl and saved a city. It was not just that the Monsters of the Midway won, but how they did it. On offense, there was high-stepping running back Walter Payton and Punky QB Jim McMahon, who had a knack for pissing off Coach Mike Ditka as he made his way to the end zone. On defense, there was the 46: a revolutionary, quarterback-concussing scheme cooked up by Buddy Ryan and ruthlessly implemented by Hall of Famers such as Dan "Danimal" Hampton and "Samurai" Mike Singletary. On the sidelines, in the locker rooms, and in bars, there was the never-ending soap opera: the coach and the quarterback bickering on TV, Ditka and Ryan nearly coming to blows in the Orange Bowl, the players recording the "Super Bowl Shuffle" video the morning after the season's only loss. Cohen tracked down the coaches and players from this iconic team and asked them everything he has always wanted to know: What's it like to win? What's it like to lose? Do you really hate the guys on the other side? Were you ever scared? What do you think as you lie broken on the field? How do you go on after you have lived your dream but life has not ended? The result is *Monsters: The 1985 Chicago Bears and the Wild Heart of Football*, a portrait not merely of a team but of a city and a game: its history, its future, its fallen men, its immortal heroes. But mostly it's about being a fan—about loving too much. This is a book about America at its most nonsensical, delirious, and joyful.

In 1973, when all the arguments were presented to the American Psychiatric Association both for and against the idea of homosexuality as pathology, it was the personal disclosures of gay men that had the most influence. Listening to their stories of frustration in treatment—and their newfound happiness through acceptance of a gay identity—the American Psychiatric Association voted to omit homosexuality as a diagnostic category. Now, twenty years later, Dr. Joseph Nicolosi presents the opposite kind of personal testimony. This testimony is from homosexual men who have tried to accept a gay identity but were dissatisfied, and then benefitted from psychotherapy to help free them of homosexuality. While each client has his unique story, Nicolosi has chosen eight men as representative of the personalities he has encountered in the twelve years during which he has treated over 200 homosexual clients. These men are engaged in a "two-front war"—an internal assault against their own unwanted desires, and an external battle against a popular culture that does not understand or value their struggle. In their own words, we hear these men's struggles to develop healthy, non-erotic male friendships. We hear of their fear and anger toward the men in their lives, and their strained relationships with the fathers they never understood. Nicolosi contends that every man possesses aspects of these clients: The frailty of Albert, the integrity of Charlie, the rage of Dan, the narcissism of Steve, and the ambivalence of Roger, to list some of them. Some readers of this book may be surprised by the directive style of Dr. Nicolosi's therapeutic intervention. In part, this is due to the editorial synthesis of the transcript. More importantly, however, reparative therapy does require a more involved therapist—a benevolent provocateur who departs from the tradition of uninvolved, opaque analyst to become a salient male

Where To Download Alfies Home Richard A Cohen

presence. The therapist must balance active challenge with warm encouragement to follow the father-son model. T

By showing that kitchen skill, and not budget, is the key to great food, *Good and Cheap* will help you eat well—really well—on the strictest of budgets. Created for people who have to watch every dollar—but particularly those living on the U.S. food stamp allotment of \$4.00 a day—*Good and Cheap* is a cookbook filled with delicious, healthful recipes backed by ideas that will make everyone who uses it a better cook. From Spicy Pulled Pork to Barley Risotto with Peas, and from Chorizo and White Bean Ragù to Vegetable Jambalaya, the more than 100 recipes maximize every ingredient and teach economical cooking methods. There are recipes for breakfasts, soups and salads, lunches, snacks, big batch meals—and even desserts, like crispy, gooey Caramelized Bananas. Plus there are tips on shopping smartly and the minimal equipment needed to cook successfully. And when you buy one, we give one! With every copy of *Good and Cheap* purchased, the publisher will donate a free copy to a person or family in need. Donated books will be distributed through food charities, nonprofits, and other organizations. You can feel proud that your purchase of this book supports the people who need it most, giving them the tools to make healthy and delicious food. An IACP Cookbook Awards Winner.
