America Transformed: Globalization, Inequality, and Power ...

Innovative and provocative, America Transformed: Globalization, Inequality, and Power examines the links between global processes and shifting patterns of stratification, inequality, and social mobility. The study of globalization--the interconnection of the world culturally, socially, politically, and most importantly, economically--is a growing area of study in college curricula.

America transformed : globalization, inequality, and power ...

America Transformed: Globalization, Inequality, and Power examines these questions by analyzing the links among global processes and shifting patterns of stratification, inequality, and social mobility in the United States. While many texts separate discussions of macro- and micro-level processes when examining globalization, this book skillfully integrates general macro-level processes with specific reference to the micro-level effects of globalization in the U.S.

America Transformed - Paperback - Gary Hytrek; Kristine M ...

By examining the social construction of globalization, the authors identify the key policy challenges of globalization, and some of the innovative community-based responses to social inequality. America Transformed provides powerful insights into the contested dialectical relationship between global and local forces: how globalization shapes stratification and inequality in the U.S., and how local communities attempt to mediate those changes.
