Android 22 is a failed attempt to make a female robot. Unfortunately, he made her head too big, so that's her weak point. She will destroy anything that's in her path; with one tap, it would explode, so the Z-Fighters wouldn't be able to get close. Also, she used the Dragon Balls to wish to become a human.

operating system that completely integrates the real life actions of individuals. These actions include swiping, tapping, pinching to move around and select objects on the screen. The statistics on these devices prove how popular they are with over 1 billion active Android users which illustrate how great the platform is. The setup of the Android system has been opened by Google to allow developers to be able to create their own additions to the operating system. It is quite popular with developers as it represents a ready-made and low cost environment that works perfectly for high tech devices.
