Key Takeaways. There are several methods for valuing a company or its stock, each with its own strengths and weaknesses. Some models try to pin down a company's intrinsic value based on its own ...

How to Choose the Best Stock Valuation Method

The P/E method is perhaps the most commonly used valuation method in the stock brokerage industry. By using comparison firms, a target price/earnings (or P/E) ratio is selected for the company, and then the future earnings of the company are estimated. The valuation's fair price is simply estimated earnings times target P/E.
