Should you take the time to visit customers and suppliers in person? Absolutely. Who makes the best accountant? A pessimist. What do you do with a good employee who is a jerk? Fire him! Whether you are a young company that's just starting out or a mature business looking to grow, Bob Pritchett's hands-on advice and practical examples are a must-read for every manager, business owner, and entrepreneur. Inside this book, you will not find Thirteen Incontrovertible Laws of Excellence. You won't find motivational clichés to frame and put on your desk. And there are no step-by-step instructions for writing a business plan. Instead, in *Fire Someone Today*, you'll read what Pritchett has discovered through his years of experience as an entrepreneur and small business owner. It is a book about what to do, what not to do, and why. For your business, it could be that one piece of advice that makes all the difference . . . and even give you a few laughs along the way. "A year's worth of lunches with someone who has been way down the road and taken a lot of lumps." ?Guy Kawasaki, Author, *The Art of the Start* "Made you think! And that's more than you can hope for from the typical business book, that's for sure. Everyone who manages anyone needs to think about the stuff inside." ?Seth Godin, Author, *All Marketers are Liars* "Bob Pritchett has written a classic for anyone running or starting up a small to mid-sized business. There's compelling

ADVANCE PRAISE “ A must-read story told with honesty, humor, and humility by a passionate farmer who reminds us what our food system can and should be about. ” —Daniel Boulud “ Preston uses brilliant storytelling and brutal honesty to describe what it takes to create both a viable organic farm and a more meaningful life for himself and his family. The New Farm is the kind of book that will inspire people to make positive change. ” —Arianna Huffington “ Both a book about the food system and a tell-all of his journey. . . . The ups, and mostly downs, he describes might have been a trial but they do make for a good read. ” —The Globe and Mail After years of working at the ends of the earth in human rights and development, Brent Preston and his wife were die-hard city dwellers. But when their second child arrived, the shine came off urban living. In 2003 they bought a hundred acres and a rundown farmhouse and set out to build a real farm, one that would sustain their family, nourish their community, heal their environment, and turn a profit. The New Farm is Preston ’ s memoir of a decade of grinding toil and perseverance. Farming is a complex and precarious business, and they made plenty of mistakes along the way. But as they learned how to grow food, and to succeed at the business of farming, they also found that a small, sustainable, organic farm could be an engine for change, a path to a more just and sustainable food system. Today, The New Farm supplies top restaurants, supports community food banks, hosts events with leading chefs, and grows extraordinary produce.

Told with humor and heart, *The New Farm* is a joy, a passionate book by an important new voice.

The San Juan Island archipelago is a collection of 172 islands (at low tide) beloved for their remoteness, tranquility, scenery, and wildlife. This beautiful and informative giftbook offers an intimate and memorable portrait of the islands, one of the Northwest's most popular destinations. Mark Gardner's stunning and serene images depict both the familiar -- ferry crossings, Roche Harbor, and Orca whales -- and the surprising, such as uninhabited islands, red fox, and old growth forest. An essay highlights the history and natural history of the islands, and royalties from sales of the book will support the nonprofit group Friends of the San Juan Islands.

Presents scientific answers to a series of miscellaneous questions, covering such topics as "Why are bubbles round," "Why are the Earth, Sun, and Moon all spinning," and "How you can tell the temperature by listening to a cricket."

The Prayer for the Last Resort recounts the wartime story of Mordecai Popovtzer, a child survivor of the Holocaust. Originally from Lwow, Poland. Popovtzer lived with his family under the Soviet rule until the Nazi invasion of their hometown. After losing his father, he—along with his mother and sister—went into hiding as they continually evaded apprehension by the Nazis. Throughout the war, they were forced to move between different hiding places and joined a group of partisans fighting against the Nazis. Shortly
