The best place to start is with shooting modes.

The Ultimate Guide to Learning how to use Your first DSLR

A digital single lens reflex, or DSLR camera, is a camera with an internal mirror and prism system. This system is used to direct the light from the lens up to the viewfinder that you look through to compose the image. I appreciate this may sound a little opaque, so let me break it down a bit. All digital cameras essentially work in the same way.
