This tab is transcribed from the "Live Norwegian TV '73" recording which I found easier to follow than some of the other versions. Just remember that this is Bert Jansch; a man who was always happy to chuck in an extra note or beat whenever he felt like it, so don't get too hung up on trying to play every note exactly the way he did in any particular recording.

The guitarists' guitarist and the songwriters' songwriter, the legendary Bert Jansch has influenced stars as diverse as Jimi Hendrix, Jimmy Page, Paul Simon, Sandy Denny, Nick Drake, Donovan, Pete Townshend, Neil Young, Bernard Butler, Beth Orton and Laura Marling. Unassuming, enigmatic and completely focused on his music until his death in October 2011, he remained singularly resilient to the vagaries of fashion, being rediscovered and revered by new generations of artists every few years. Born in Edinburgh in 1943, Jansch became an inspirational and pioneering figure during Britain's 'folk revival' of the 1960s. In 1967 he formed folk/jazz fusion band Pentangle with John Renbourn and enjoyed international success until they split in 1973, when he returned to a solo career. In Dazzling Stranger, Colin Harper looks at the career Jansch enjoyed, which has secured his standing as one of the true originals of British music.

SHORTLISTED FOR THE PENDERYIN MUSIC BOOK PRIZE Roots, Radicals & Rockers: How Skiffle Changed the World is the first book to explore this phenomenon in depth - a meticulously researched and joyous account that explains how skiffle sparked a revolution that shaped pop music as we have come to know it. It's a story of jazz pilgrims and blues blowers, Teddy Boys and beatnik girls, coffee-bar bohemians and refugees from the McCarthyite witch-hunts. Billy traces how the guitar came to the forefront of music in the UK and led directly to the British Invasion of the US charts in the 1960s. Emerging from the trad-jazz clubs of the early '50s, skiffle was adopted by kids who growing up during the dreary, post-war rationing years. These were Britain's first teenagers, looking for a music of their own in a pop culture dominated by crooners and mediated by a stuffy BBC. Lonnie Donegan hit the charts in 1956 with a version of 'Rock Island Line' and soon sales of guitars rocketed from 5,000 to 250,000 a year. Like punk rock that would flourish two decades later, skiffle was a do-it-yourself music. All you needed were three guitar chords and you could form a group, with mates playing tea-chest bass and washboard as a rhythm section.
