Each of the little circles on the numbers represents an interior angle. So, for the "7", there are seven of them... and for "1" there is one interior angle. The line through the "7" is a vestige of those ancient times. Of course, the line through a "2" keeps it from being confused with a "2". Which is sort of like the slash mark through a "0" (zero) keeps it from being confused with the letter of the same shape.
