union with God, and a textbook for everyday living.

"One of the best-loved scriptures in the world, the Bhagavad Gita has been translated by many scholars and poets over thousands of years. This new version, rendered in modern english prose by Swami Kriyananda, is based on the interpretations of his Guru, Paramhansa Yogananda, author of Autobiography of a Yogi." "The Gita is the heroic story of the battlefield counsel given by Krishna to Arjuna just prior to the start of a great war. Responding to Arjuna's moral dilemma over fighting against his beloved friends, family, and teachers, Krishna advises Arjuna on his duties as a warrior. Yogananda's insights reveal that The Gita is in fact a spiritual allegory, and that each character in the story symbolizes psychological traits and aspects of our own consciousness. As Arjuna looks upon the warriors on the battlefield, he is really facing his own inner battle between the forces of delusion and the forces of Spirit within. The hardcover edition of *The Second Coming of Christ* (\$58.00 ISBN:9780876125557) was printed in 2004 and has sold over 45,000 copies. In Fall 2007 we published a smaller work of extracts from *The Second Coming of Christ*, titled *The Yoga of Jesus*, to function both as a stand alone book and to cross-promote the larger work. The result has been a resounding success with sales of *The Yoga of Jesus* reaching 20,000 in just over six months, and sales of *The Second Coming of Christ* increasing as planned. With sales momentum of both titles strong, this seemed like an ideal time to publish a low cost paperback edition. Yogananda's unique perspective on the real meaning of Jesus' teachings, takes the reader on a revelatory journey, verse by verse, through the four Gospels. Dispelling centuries old misconceptions and dogma, this monumental work is destined to leave an indelible mark on the way the world views the teachings of Jesus Christ.
