As stories of Indian dance's renaissance span almost a full century, there has emerged a globally dispersed community of Indian dancers, scholars and audiences who are deeply committed to keeping these traditions alive and experimenting with traditional dance languages to grapple with contemporary themes and issues. *Scripting Dance in Contemporary India* is an edited volume that contributes to this field of Indian dance studies. The book engages with multiple dance forms of India and their representations. The contributions are eclectic, including writings by both scholars and performers who share their experiential knowledge. There are four sections in the book – section I titled, “Representations” has three chapters that deal with textual representations and illustrations of dance and dancers, and the significance of those representations in the present. Section II titled, “Histories in Process” consists of two chapters that engage with the historiographies of dance forms and suggest that histories are narratives that are continually created. In the third section, “Negotiations”, the four chapters address the different ways in which dance is embedded in society, and the different ways in which the aesthetics of a form has to negotiate with social, economic and political imperatives. The final section,

Artograph is a bi-monthly bilingual e-magazine published by NEWNMEDIA™, focusing on dance, music and arts in general. This is the 2020 Mar-Apr edition of the magazine.

This book, elucidates the basic steps called Adavus of Bharata Natyam in the traditional Pandanallur style, as taught by the revered Gurus Sri Meenakshi Sundaram Pillai and Sri Muthukumara Pillai, to Sri T.K Narayan and Smt. Jayalakshmi Narayan, parents of the author. It is an honest attempt to explain the various steps with unerring and accurate execution technique. The book offers a visual representation of the Adavus with the help of stick diagrams in a sequential manner so that the beginners and practitioners can understand the finer points of each movement. The author has developed simple schematics to show the various moves, such as jump, stretch, turn, hit etc. The author endeavours to illustrate Adavus in a precise manner in this book. Classification and categorization of each step is the salient feature of this work. Gayathri Keshavan makes a humble effort to pass on the knowledge of this ancient and sacred art to the present and future generations of Bharata Natyam dancers.
