Biology 204: Principles of Biology I is an introductory course in general biology and the first of two introductory biology courses that will prepare students for second-year biology courses. Designed to help students learn more about the nature of life, topics include enzymes, cells, cellular respiration, photosynthesis, classical genetics, modern genetics, and molecular biology.

Principles of Biology I : Biology 204 : Courses ...  
Biol 204 is the first course of a 3-course introductory series in biology (Biol 204, 205, 206). It is designed largely for biology majors (whereas Biol 101 is the principal GUR/GER course for non-majors). Biol 204 broadly introduces the student to the ecological and evolutionary processes that cause the patterns we see in the biotic diversity.
