which take a lot of time and effort. According to Carroll, a bullet journal is an "analog system for the digital age," and all you need to get started is a pen and a notebook.

What is a Bullet Journal? (a Brief Bullet Journal Review)

My social media feeds have been recently flooded with posts singing the praises of analog task management. More specifically, a contraption called the Bullet Journal (created by NYC-based designer Ryder Carroll) has been making the rounds, to the overjoyed cheers of productivity bloggers.

The Bullet Journal: why analog task management doesn't ...

With a notebook and pen, on the other hand, you can use any of the analog systems mentioned above, switch from one to another, or take pieces of each and cobble them all together into your own system. And with analog methods, you can keep using the same tools in different ways. That's perhaps the most important benefit if you're tired of spending too much on new tools in the hope of finding a miracle tool. If you try the Bullet Journal method and decide it's not for you, you can try ...
