the skills and knowledge required to successfully create, conduct, and analyze a research project. Now in its eighth edition, this popular textbook has been thoroughly updated to incorporate substantial new and expanded content, and reflect current research methods and practices. The text uses a unique blended learning approach, allowing instructors the flexibility to custom-tailor their courses to fit their specific needs. This innovative approach combines the face-to-face classroom methods of the instructor with internet-based activities that enable students to study what they want, when they want, at their own pace.

EXPLORING MARKETING RESEARCH, 11E, provides a

thorough guide to the design, execution, analysis, and reporting of marketing research to support effective business decisions. The text prepares students to approach marketing research from a management perspective rather than as hands-on practitioners, providing valuable business context while introducing both traditional research methods, such as designing questionnaires, and the latest technological advances, including current data collection devices, data analysis tools, practical approaches to data analytics, and the impact of social media and artifactual online data. In addition to updates based on recent trends and technology, the new 11th Edition features an increased emphasis on ethical and international issues, reflecting their growing importance in modern marketing research. Marketing Research, 5e equips students with the knowledge and skills required to successfully undertake marketing research.

Combining a solid theoretical foundation with a practical, step-by-step approach, the marketing research process is explored through a learning model that is constantly reinforced throughout the text.

Using local and international examples, data sets and case studies to explain traditional marketing research methods, Marketing Research also examines new theories and techniques. To reflect emerging industry practices, each stage of research reporting is detailed, as well as a range of presentation methodologies. For analysing data, the text covers both SPSS and Excel outputs. This text is indispensable for students studying marketing research in any

Decisions in businesses and organizations are too often based on fads, fashions and the success stories of famous CEOs. At the same time, traditional models and new cutting-edge solutions often fail to deliver on what they promise. This situation leaves managers, business leaders, consultants and policymakers with a profound challenge: how can we stay away from trends and quick fixes, and instead use valid and reliable evidence to support the organization? In response to this problem, evidence-based management has evolved with the goal of improving the quality of decision-making by using critically evaluated evidence from multiple sources -
