To make readers read or see only the part they are interested in, this function is very useful. To do this you have to first give heading to your topic as heading 1, heading 2from Home Menu. Once this done a small icon will appear on the corner of the heading, on clicking on this icon it will merge the content and on re-clicking on it, it will expand the content back to its normal place.

Background questions concern general knowledge. These types of questions generally have only 2 parts: A question root (who, what, when, where, how, why) and; a disorder, test, treatment, or other aspect of health care. Often these questions can best be answered by using a textbook or consulting a clinical database.
