Lucidly explaining the legal principles of Admiralty Law in a modern context, this new edition has been fully revised and updated to include recent case law and legislation, including extensive treatment of developments within the EC. Examining the law within a commercial perspective with suggestions for how legal risks should be managed, this is the ideal text for postgraduates studying admiralty or shipping law as well as professionals within the shipping industry. The intricate rules of the Brussels/Lugano Conventions are explained alongside conflict of jurisdictions, and the application of the forum non-conveniens, doctrine and forum shopping. Breach of jurisdiction agreements and remedies are also discussed and the vexed issues of anti-suit injunctions are dealt with comprehensively. Modern Admiralty Law analyses the corporate structures of ship owning companies and the circumstances in which the corporate veil may be pierced; suggestions for legitimate corporate structures for the purpose of risk management are also put forward. The consequences of non-compliance with the ISM Code are considered (such as potential criminal liability, the effect of non-compliance upon insurance contracts and limitation of liability), alongside an update of further measures being taken by the EC and the IMO on safety of ships and cleaner seas. An ideal reference tool, the new edition of this popular and comprehensive text includes summaries of the principles and case law and encourages further investigation. The practical and commercial orientation of this book will be of great benefit to readers studying the subject as an academic discipline as well as those who work in the area. From admiralty jurisdiction to limitation of liability, all aspects of admiralty law are thoroughly investigated, with recent developments providing new insights for this modern approach to admiralty law. This new edition is essential reading for postgraduates, practitioners, ship owners and managers, and a wide range of professionals within the shipping industry.
