magician? A unicorn shifter... You'd think being the only known unicorn shifter in the world would have a few benefits. Like, people treating you kindly or getting special treatment from the council. Not in my case. I'd be lucky to get a piece of bread thrown at me. My name is Celestia Rainbow, and yes, my last name is fucking Rainbow. Shifters assume that I'm kind by nature, but trust me: I'm fierce, short-tempered and have the mouth of a sailor. Add in my stealthy fighting skills, advanced magic casting, and swift movement, I'm someone you wouldn't want to mess with. But everyone looks at my shifter side - my ditzy, peaceful half, sprinkling magic dust, and on a mission to end world hunger. Regardless of my dual personality, I've sworn to become a huntress at Aslan Academy. Now that I'm of age--my lucky twenty-fifth birthday just happens to coincide with the entrance exams--I'm ready to prove my worth. Too bad I'm grouped up with six sinful looking men. Time to prove to my community, classmates and this attractive bunch of weirdos that unicorns can kick ass too. BOOK 2: Not everything you see with your eyes is true, but magic can reveal all that's hidden. Celestia Rainbow and her team of misfits thought they had seen it all. But as they enter a new world filled with mystery and suspense, they are unsure what their future holds at Aslan Academy, School for Hunters and Huntresses. With very little time to recover, they are pushed into a new set of challenges, ones that can either make them stronger or break the bonds they've created. Alliances are made, but evil doesn't stop trying to bring Celestia down a darker path. With the clock ticking and the Forsaken multiplying day by day, it's up to Finn, Hunter, Orion, Theo, Caio and Cairus to guide Celestia back to the light the best way they know how; by loving her with all their might. Will Aslan's badass unicorn be destroyed by the darkness within? Or saved by the men who've sworn to protect and care for her? BOOK 3: A magical discovery leads to a path of hope, but will the darkness be stronger than light? Celestia Rainbow never expected to find out the truth about her birth or the role she now plays in the crisis going on throughout the dimensions. Forsaken are getting stronger and are now attacking hunters and huntresses across the dimensions out of their desire for immense power. Celestia must now deal with learning how she can help while also balancing her classes at Aslan Academy and dealing with the tension that's growing within her team. With Theo returning home, Hunter dealing with his own issues, and Cairus and Caio feeling stuck on deciding whose side they're on, Celestia, Finn, and Orion are having to work overtime to try and bring Team Misfit back together. Now that they know the identity of the mysterious man from Celestia's dreams, it's time to fight darkness with light, with the help of new comrades, familiars, and a little sprinkle of glitter. Will Aslan's Elite unicorn shifter be able to hold onto her badass name and finally defeat the growing darkness? Or will she and her lovers finally crumble beneath their own insecurities? Book 4: Time is running out as dimensions across the galaxies are being overtaken by the Darkness. It's up to Aslan's Elite Unicorn Shifter to use everything she's discovered, reunite with her lovers, family, and trusty familiar, and save the world as they know it.

Destined to become Queen of Scotland. Bound by blood to the Celtic gods. Scotland, 1026--Gruoch, descendant of the line of MacAlpin, should have been born into a life of ease. But fate is fickle.
