## Order Entry... Flashcards...

Computerized physician order entry (CPOE), which would be better called computerized prescriber order entry, is a method whereby instructions for treating of patients are entered into an electronic system by the prescriber and the orders are communicated over a computer network to the relevant staff whose responsibility it is to carry out the orders (64c, 65R).

Insights on the Global  
Computerized Physician Order  
Entry ...

Computerized physician order  
entry (CPOE) is the process  
of a medical professional  
entering medication orders  
or other physician  
instructions electronically  
instead of on paper charts.  
A primary benefit of CPOE is  
that it can help reduce  
errors related to poor  
handwriting or transcription  
of medication orders.
