However, Charlie was used to his life. He helped him and his father survive by stealing from any person unlucky enough to tread onto his territory and trade the items for food.

I disliked Charlie the monkey giving cheeky insults to every animal he met. I liked how his brother Furley taught him a lesson at the end. It was a very short read. Read more. Helpful. Charlie is a monkey looking for some fun, but his idea is to tease the other animals and generally be mean. I didn't find Charlie particularly cheeky... I thought he was more mean than cheeky. It could depend on your definition of cheeky. I did enjoy the joke on him at the end.
