CMYK 2.0: A Cooperative Workflow for Photographers ...

In CMYK 2.0: A Cooperative Workflow for Photographers, Designers, and Printers McCleary proposes a whole new workflow that could become the industry standard by offering a clear path through the chaotic, sometimes inscrutable world of CMYK reproduction. He redefines the traditional roles of each of the participants (photographer, designer, and printer), demystifies the often-obtuse information about the process, and outlines new standards

If you know you'll need to be dealing with CMYK on a regular basis, it's well worth picking up Rick's book, CMYK 2.0. I happened upon it while browsing the stacks at the bookstore and it's a total keeper. Heck, even if you'll only be dealing with CMYK on an occasional basis, it's probably still worth it.
