Ramone founded one of the most influential rock bands of all time, but he never strayed from his blue-collar roots and attitude. He was truly imbued with the angry-young-man spirit that would characterize his persona both on and off stage. Through it all, Johnny kept the band focused and moving forward, ultimately securing their place in music history by inventing punk rock. The Ramones were inducted into the Rock and Roll Hall of Fame in 2002—two years later, Johnny died of cancer, having outlived two other founding members. Revealing, inspiring, and told on his own terms, this highly designed memoir also features Johnny's assessment of the Ramones' albums; a number of eccentric Top Ten lists; rare historical artifacts; and scores of personal and professional photos, many of which have never before been published. In 1964 he became commander of the famed First Air Commando Wing, fighting to build up special operations capabilities among the American and South Vietnamese airmen. In 1966 and 1967 he and his men set the record for interdicting the flow of enemy trucks over the Ho Chi Minh Trail in Laos and North Vietnam. Drawing on official records, personal papers, and interviews with Aderholt and many who worked with him, Air Force historian Warren A.
