Raise the Issues helps advanced students develop critical thinking skills as they gain insight into American Attitudes and values. It combines original broadcasts from NPR® with authentic articles from publications such as The New York Times, The Atlantic Monthly, and the International Herald-Tribune to present differing viewpoints on contemporary topics. Each of the ten units provides stimulating content that integrates listening, reading, speaking, and writing. As students clarify, interpret, and evaluate ideas from the material, they improve their command of sophisticated vocabulary and complex structures. The third edition features five new units on topical issues such as international adoptions, immigration, alternative energy, and the place of sports in higher education. See also: Face the Issues, Third Edition Consider the Issues, Third Edition

Face the Issues is an exciting and highly successful approach to listening comprehension and discussion for intermediate and high-intermediate students. Each of the twelve units is based on an authentic radio broadcast taken from National Public Radio's "All Things Considered" and "Morning Edition." Students are presented with interesting and relevant content in unedited everyday speech including hesitations, redundancies, and various dialectical patterns.
