The book moves from a general  
appreciation of the financial world,  
through an extensive treatment of the  
investment decision, risk and return, and  
sources of finance, to a comprehensive  
analysis of corporate value, including  
mergers, risk management using  
derivatives, and managing exchange rate  
risk.

Investing can be fun as well as rewarding. It could certainly earn you much more than you could gain by sticking your money in a bank account. It really does not require much to make money from the stock market - just an understanding of a few simple concepts and the following of a few rules. Written by the UK's most successful writer on investing, *Get Started in Shares* explains in very clear and simple terms what shares are, how they are traded and what to look out for as an owner of shares. This is a straight-talking guide to the mysteries of investing that assumes no
