### *The Korean Peninsula Crisis (I): In the Line of Fire and Fury*

Tensions have been rising on the Korean peninsula as North Korea increased its provocations with over twenty missile launches and an unprecedented two nuclear tests last year. Given escalating tensions, the fluid nature of developments and a tremendous amount of speculation on "what's next," it is important for businesses that operate in the region to take these threats seriously.

*North Korea crisis in 300 words - BBC News*

The 2017–18 North Korea crisis was a period of heightened tension between North Korea and the United States throughout 2017, which began when North Korea conducted a series of missile and nuclear tests that demonstrated the country's ability to launch ballistic missiles beyond its immediate region and suggested that North Korea's nuclear weapons capability was developing at a faster rate than had been assessed by the U.S. intelligence community.

*2017–2018 North Korea crisis - Wikipedia*

As the Cold War ended, North Korea lost the support of the Soviet Union and plunged into an economic crisis. With the death of leader Kim Il-sung in 1994, there were expectations that the North Korean government could collapse and the peninsula would be reunified.

*Korean conflict - Wikipedia*

In *Crisis on the Korean Peninsula*, Michael O'Hanlon, a Senior Fellow at Brookings and visiting lecturer at Princeton, and Mike Mochizuki, endowed chair in Japan-US Relations at G.W. University, not only examine this issue in detail but also offer a comprehensive blueprint for diffusing the crisis with North Korea. Their solution comes in the form of a "grand bargain" with North Korea.
