KS3 > The Reformation > MPs > Thomas Cromwell. Thomas Cromwell was one of Henry VIII's most trusted officials, one of the most important figures in the Reformation, and very controversial to historians. Born in Putney, London, he was the son of a blacksmith and alehouse owner. Little is known about Cromwell's early life.

KS3 > The Reformation > MPs > Thomas Cromwell | History of...

Thomas Cromwell: Biography & English Reformation. Thomas Cromwell was 1485 to humble beginnings, in Putney. His father was a brewer. He left at a young age and went to Europe and was a soldier in the French army. He then worked in Italy as an assistant to the Archbishop of York. He then returned to England and was in the House of Commons and joined the household of Cardinal Wolsey, and became his secretary in 1529 and was one of his most trusted advisers.

Thomas Cromwell: Biography & English Reformation...

Oliver Cromwell pursued religious toleration which helped to stabilize the fragile country after the King was executed. His foreign policy in support of beleaguered Protestants in Europe and against Muslim pirates in the Mediterranean was successful and he restored the supremacy of the seas to England.

Oliver Cromwell – The Protector – Reformation Society

Thomas Cromwell, in full Thomas Cromwell, earl of Essex, Baron Cromwell of Okeham, (born c. 1485, Putney, near London—died July 28, 1540, probably London), principal adviser (1532–40) to England's Henry VIII, chiefly responsible for establishing the Reformation in England, for the dissolution of the monasteries, and for strengthening the royal administration.

Thomas Cromwell | Biography, Facts, & Death | Britannica

Thomas Cromwell, 1st Earl of Essex, KG, PC (/ ˌ k r ɪ ʔ m w ʔ l , w ʔ ɪ /; c. 1485 – 28 July 1540) was an English lawyer and statesman who served as chief minister to King Henry VIII from 1532 to 1540, when he was beheaded on orders of the king. Cromwell was one of the strongest and most powerful proponents of the English Reformation.

Thomas Cromwell – Wikipedia

Cromwell's life and actions had a radical edge springing from his strong religious faith. A conversion experience some time before the civil war, strengthened by his belief that during the war he and his troops had been chosen by God to perform His will, gave a religious tinge to many of his political policies as Lord Protector in the 1650s. Cromwell sought 'Godly reformation', a broad programme involving reform of the most inhumane elements of the legal, judicial and social systems ...

Cromwell's religion – Oliver Cromwell.org

Oliver Cromwell (25 April 1599 – 3 September 1658) was an English general and statesman who led the Parliament of England's armies against King Charles I during the English Civil War and ruled the British Isles as Lord Protector from 1653 until his death in 1658. He acted simultaneously as head of state and head of government of the new republican commonwealth.

Oliver Cromwell – Wikipedia

Cromwell had been converted to a strong puritan faith Oliver Cromwell was born on 25 April 1599 in Huntingdon. His ancestors had benefited from the power of a distant relative, Thomas Cromwell, who...

BBC – History – British History in depth: Oliver Cromwell

After defeating Charles II in 1651, Oliver Cromwell ruled England, Scotland and Ireland as Lord Protector from 1653 to 1658. He was offered the chance to become king, but turned it down. In Scotland he supported the Protestors rather than the Resoluners, but wouldn't allow General Assemblies to meet.

Reformation History

The iconic title page of the Great Bible is often seen as the emblem of the English Reformation. It shows Henry handing copies of the Bible to Cromwell and to Thomas Cranmer, the Archbishop of Canterbury. Cranmer and a man long assumed to be Cromwell are shown distributing the book to clergymen and lay nobility.

Cromwell's "final" portrait discovered in Henry VIII Bible...

Cromwell was the man responsible for the Henrician reformation while Wolsey fell because he served two masters, the king of England and the Pope. Though Henry had ejected Rome from his nation, he still practiced the Roman Catholic religion.

As Henry VIII's Chief minister, Cromwell was one of the strongest proponents of the English reformation and ordered two lavish copies of the Great Bible to be made – one for Henry and one for...

Reformation History

The English reformers of the 1530s, with Thomas Cromwell at their head, continued to have a strong belief in kingly rule and authority, in contrast to their radical approach to the power of the Pope and the Roman Catholic Church. Resisting the king was tantamount to resisting God in their eyes, and even on a matter of conscience the will of the king should prevail. Yet just over 100 years later, Charles I was called the 'man of blood', and Oliver Cromwell famously declared that 'we will cut off his head with the crown on it'. But how did we get from the one to the other? How did the deferential Reformation become a regicidal revolution? Following on from his biography of Thomas Cromwell, John Schofield examines how the English character and the way it perceived royal rule changed between the time of Thomas Cromwell and that of his great-great-grandnephew Oliver.

Reformation History

Thomas Cromwell, chief architect of the English Reformation, served as minister of Henry VIII from 1531 to 1540, the period during which more political and religious reform was accomplished than at any other time in Henry's thirty-seven-year reign. This biography, the first in a generation and the only one now in print, looks at his work and achievements during this period, and includes earlier and more critical assessments that view Cromwell as a disciple of Machiavelli.

G. R. Elton's Policy and Police, first published in 1972, has since acquired classic status in the literature on the government of sixteenth-century England. The book examines what actually happened during Henry VIII's break with Rome, the widespread resistance which necessitated constant vigilance on the part of the government, and the role of Thomas Cromwell, whose surviving correspondence permits a detailed insight both into the purposes of government and the manner in which it was experienced by the people.

The long-awaited biography of the genius who masterminded Henry VIII's bloody revolution in the English government, which reveals at last Cromwell's role in the downfall of Anne Boleyn "This a book that - and it's not often you can say this - we have been awaiting for four hundred years." --Hilary Mantel, author of Wolf Hall Since the sixteenth century we have been fascinated by Henry VIII and the man who stood beside him, guiding him, enriching him, and enduring the king's insatiable appetites and violent outbursts until Henry ordered his beheading in July 1540. After a decade of sleuthing in the royal archives, Diarmaid MacCulloch has emerged with a tantalizing new understanding of Henry's mercurial chief minister, the inscrutable and utterly compelling Thomas Cromwell. History has not been kind to the son of a Putney brewer who became the architect of England's split with Rome. Where past biographies portrayed him as a scheming operator with blood on his hands, Hilary Mantel reimagined him as a far more sympathetic figure buffeted by the whims of his master. So which was he—the villain of history or the victim of her creation? MacCulloch sifted through letters and court records for answers and found Cromwell's fingerprints on some of the most transformative decisions of Henry's turbulent reign. But he also found Cromwell the man, an administrative genius, rescuing him from myth and slander. The real Cromwell was a deeply loving father who took his biggest risks to secure the future of his son, Gregory. He was also a man of faith and a quiet revolutionary. In the end, he could not appease or control the man whose humors were so violent and unpredictable. But he made his mark on England, setting her on the path to religious awakening and indelibly transforming the system of government of the English-speaking world.

"An exceptional and compelling biography about one of the Tudor Age's most complex and controversial figures." —Alison Weir Thomas Cromwell has long been reviled as a Machiavellian schemer who stopped at nothing in his quest for power. As King Henry VIII's right-hand man, Cromwell was the architect of the English Reformation; secured Henry's divorce from Catherine of Aragon and plotted the downfall of his second wife, Anne Boleyn; and was fatally accused of trying to usurp the king himself. In this engrossing biography, acclaimed British historian Tracy Borman reveals a different side to one of history's most notorious characters: that of a caring husband and father, a fiercely loyal servant and friend, and a revolutionary who was key in transforming medieval England into a modern state. Thomas Cromwell was at the heart of the most momentous events of his time—from funding the translation and dissemination of the first vernacular Bible to legitimizing Anne Boleyn as queen—and wielded immense power over both church and state. The impact of his seismic political, religious, and social reforms can still be felt today. Grounded in excellent primary source research, Thomas Cromwell gives an inside look at a monarchy that has captured the Western imagination for centuries and tells the story of a controversial and enigmatic man who forever changed the shape of his country. "An intelligent, sympathetic, and well researched biography." —The Wall Street Journal "Borman unravels the story of Cromwell's rise to power skillfully . . . If you want the inside story of Thomas Cromwell . . . this is the book for you." —The Weekly Standard "An engrossing biography. . . . A fine rags-to-riches-to-executioner's-block story of a major figure of the English Reformation." —Kirkus Reviews "An insightful biography of a much-maligned historical figure." —Booklist

"... Describes the career, personality and outlook of Thomas Cromwell as a leading figure in the English Reformation. As such it has a marked historical importance, for no English statesman stands in greater need of re-assessment or a just estimate of his life and work ... It shows that Thomas Cromwell was not only an efficient and brilliant administrator, but a major reforming statesman, constructive in outlook, a patron of political thought, and the true author of almost every creative achievement in the reign of Henry VIII ..."-Publisher description.

England's first Protestant foreign policy initiative, an alliance with German Protestants, is shown to have been a significant influence on the Henrician Reformation.

How much does the Thomas Cromwell of popular novels and television series resemble the real Cromwell? This meticulous study of Cromwell's early political career expands and revises what has been understood concerning the life and talents of Henry VIII's chief minister. Michael Everett provides a new and enlightening account of Cromwell's rise to power, his influence on the king, his role in the Reformation, and his impact on the future of the nation. Controversially, Everett depicts Cromwell not as the fervent evangelical, Machiavellian politician, or the revolutionary administrator that earlier historians have perceived. Instead he reveals Cromwell as a highly capable and efficient servant of the Crown, rising to power not by masterminding Henry VIII's split with Rome but rather by dint of exceptional skills as an administrator.

In the ruthless arena of King Henry VIII's court, only one man dares to gamble his life to win the king's favor and ascend to the heights of political power England in the 1520s is a heartbeat from disaster. If the king dies without a male heir, the country could be destroyed by civil war. Henry VIII wants to annul his marriage of twenty years, and marry Anne Boleyn. The pope and most of Europe opposes him. The quest for the king's freedom destroys his adviser, the brilliant Cardinal Wolsey, and leaves a power vacuum. Into this impasse steps Thomas Cromwell. Cromwell is a wholly original man, a charmer and a bully, both idealist and opportunist, astute in reading people and a demon of energy; he is also a consummate politician, hardened by his personal losses, implacable in his ambition. But Henry is volatile: one day tender, one day murderous. Cromwell helps him break the opposition, but what will be the price of his triumph? In inimitable style, Hilary Mantel presents a picture of a half-made society on the cusp of change, where individuals fight or embrace their fate with passion and courage. With a vast array of characters, overflowing with incident, the novel re-creates an era when the personal and political are separated by a hairbreadth, where success brings unlimited power but a single failure means death.
