Cycling And Society By Dr

Cycling and Society demonstrates the incredible diversity of contemporary cycling, both within and across cultures. With cycling increasingly promoted as a solution to numerous social problems across a wide range of policy areas in car-dominated societies, this book helps to open up a new field of cycling studies.

Dr Rachel Aldred's research has directly shaped the transformation in Transport for London's (TfL) cycling policy over the last decade, helping to increase cycling spend from 50p to £10 per head and the development of improved guidance for designing cycling infrastructure in London. Her research led to the creation of London's first international-quality 'cycle superhighways', providing segregated cycle tracks that separate cyclists from motor traffic.

The 2017 Cycling and Society Symposium focused on Cities To Share - how cycling and society interact. It was held on the 7th and 8th September, at Imperial College London. Programme. This was the call for abstracts for the 2017 Symposium. Thank you to all of you who submitted abstracts. We offered a varied and interesting programme that covered a range of important themes in cycling research.

Cycling & Society 2017 - Overview | Cycling and Society

Initially, I viewed cycling as a means to an

Download Ebook Cycling And Society By Dr Dave Horton

end; I was dieting and needed to move my body regularly, and my journey to and from work was 45 minutes of unused exercise potential that didn't eat into my social life (excuse the pun). So I bought myself a bike - a pretty one, of course, not a functional one - and set about cycling to and from ...
