processing of information relating to individuals: something we all do.

Data Protection and Compliance in Context: Amazon.co.uk ...

Data protection regulators have shown that they are aware of the challenges being faced by organisations in responding to this evolving crisis and the associated data protection compliance obligations. The European Data Protection Board ("EDPB") has stressed that data protection laws in the EU do not, and should not, hinder the response to the COVID-19 pandemic, and has issued a reminder to all organisations subject to the GDPR that they must remain compliant with their

COVID-19 and Data Protection Compliance | White & Case LLP

There are several steps organisations can take to help future-proof compliance in line with evolving data protection regulations. These include:

Increase security awareness among users: A core requirement of standards including the GDPR, is the need to regularly train all staff on best practices for data handling and cyber-security hygiene. This should be done several times per year, at a minimum, to ensure it stays top of mind.
