Portals present
unique strategic
challenges in

Where To Download

the academic
environment.
Their conceptual

the input of
campus
constituents who
seldom interact
and whose
interests are
often opposite.
The
implementation

"Ira Goldstone, VP chief technology officer Tribune Broadcasting "In the mid '90s, CNN and other broadcasters recognized the need for standardized file exchange of broadcast material. Our

Where To Download

technology plans
mapped a path to
an integrated
production

environment that
was based on
video files
instead of video
streams. With
these new
systems, we
wanted to ensure
that we could
continue to

Where To Download

leverage the best technology for the various parts of our production systems while taking advantage of more efficient content access. This created a strong need for open, standardized
