DISCOVERING COMPUTERS offers up-to-date information and provides my students with the basic understanding of computers that they need to be successful in their future." About the Author Gary B. Shelly wrote and published his first computer education textbook in 1969.

~~Amazon.com: Discovering Computers: Your Interactive Guide ...~~

The Dutch sometimes think they are different. They like to talk about things being “typically Dutch.” Similarly, economic historians have suggested that the way in which the economy is managed is rooted in the particular past of the Netherlands – in its Golden Age, from which it inherited, for example, a strong focus on the outside world, or, as we will discuss, the “poldermodel.”
