~~Information Systems~~

~~Management~~

Online Library Management

Information System,
commonly referred to
as MIS is a phrase
consisting of three
words: management,
information and
systems. Looking at
these three words, it's
easy to define
Management
Information Systems
as systems that
provide information to
management. That is

Online Library Management

the simple definition
of MIS that generally
sums up what a
Management
Information System is,
and what it should do.
