is also assumed that you have already set the bows centre shot, although it should be noted that you can still set the centre shot on a bow even if the arrows are weak or stiff. Bare shaft tuning will help us: 1 ...

## Bow Tuning - Bare Shaft

The purpose of tuning is to configure the proper combination of nocking points, arrow rest, bow, and arrows. The archer ' s form while tuning must be consistent. For the new archer, it is more important to work on correct and consistent form before detailed tuning. Tuning is a continuous process. As the archer's form and consistency improves, more in-depth tuning is required. Archers should ...
