Learn SEO strategies to rank at the top of Google with SEO 2020 EXPANDED & UPDATED - NOVEMBER, 2019 No matter your background, SEO 2020 will walk you through search engine optimization techniques used to grow countless companies online, exact steps to rank high in Google, and how get a ton of customers with SEO. First, let me tell you a little secret about SEO marketing... Most search engine optimization advice on the Internet is wrong! If you've sifted through search engine optimization advice online, you may have noticed two things: - Most published SEO advice is either outdated or just dead-wrong. - Google's constant updates have made many popular SEO optimization strategies useless. Why is this so? Google's constantly evolving. Recent changes: 1. October, 2019 - Google releases their groundbreaking new BERT machine learning algorithm, with Google now understanding searches almost like a human. 2. September, 2019 - Google releases new guidelines on nofollow links, providing worldwide changes for advertisers and SEO professionals alike. 3. March, 2018 - Google's game-changing "Mobile First Index" is rolled out, completely overhauling how search results are calculated. SEO 2020 is now updated covering new changes to Google's algorithm, walks you through major updates and how to use them to your advantage. This book also reveals industry secrets to stay ahead of Google's algorithm, and potential Google changes coming up in 2020. With this best-selling SEO book, learn SEO from a fundamental level, achieve top rankings, and generate a wave of new customers to your site. Discover powerful link building techniques experts use to get top rankings and generate massive traffic Link building is the strongest factor for ranking high in Google. Unfortunately, most widely-used methods suck! This chapter walks you through new and powerful techniques that won't get you in hot-water with Google. Now expanded with more link building strategies and extra tips for advanced readers. You will also discover: 1. Important SEO concepts, from beginner to advanced. 2. Sneaky tricks to get local businesses ranking high with local SEO. 3. The inner workings of Google's algorithm and how it calculates the search results. 4. How to find "money" keywords that will send customers to your site. 5. Basic and advanced link building strategies for pushing your rankings up higher. 6. Six insider sources to get expert SEO or Internet marketing advice worth thousands of dollars, for free. 7. How to use social media and web analytics to multiply your results. 8. 25+ powerful tools top Internet marketing experts use to automate search engine optimization, saving weeks of time and creating bigger results. Sidestep the 2020 Google updates Contrary to Internet marketing gossip, problems caused by Google updates are rarely irrecoverable-but you need the right knowledge. This book reveals: - Inner mechanics of Google's algorithm, and how to rank your site at the top. - Recent Google updates-Google's BERT algorithm, Google's RankBrain algorithm, Mobile First Index, Google Speed update, and more... - Potential updates coming up in 2020. - Steps to recover from Google penalties. And read the special bonus chapter on pay-per-click advertising In this bonus, learn to quickly setup pay-per-click advertising campaigns with Google AdWords and send customers to your site overnight, literally. One of the most comprehensive SEO optimization books ever published-updated and expanded-of all best-selling SEO books, this is the only one with everything you need. This Guide eBook for Website SEO Strategies to the Search Engine Optimization Industry's Secrets and How to Rank in Google Search Engine & Stay There.Google has presented some really important updates in the past year, as all SEO experts have noticed. Apart from the incredible encrypted search that now offers incredible keyword data, the past year has presented some new features for the Penguin, Panda and Hummingbird updates as well.From my last Forbes interview for Internet Marketing, those interested about the SEO profession can conclude the fact that the most popular search engine in the world is creating new barriers to stop all spam techniques as much as possible. However, these last updates do not indicate the fact that the SEO professions will cease in the near future.More and more companies are trying to take their business online so the competitiveness level has increased significantly during this time. Now is the time to obtain the most out of your company's online marketing strategies. However, companies can no longer rely on the "gray hat" SEO techniques to make their businesses visible in the search engines. There is a more complex point of view that covers the SEO industry at the present time, and any professional marketer should be aware of this fact.This new complex vision can be compared to a move from tactician to strategist. Hard work and a great skill of anticipation of Google's next moves is required in order to achieve success with your online business. Google has taken the game to a more complex level, but this does not mean that the digital war has stopped.If you want to accumulate some useful information that can help you to create profitable SEO strategies in 2014, you might want to read the following suggestions that I have created after mixing my researches with current efficient strategies.In this book, we are going to reveal all the information you need to know about Seo Ranking, and help you in deciding the perfect understanding website optimization for your business plans for successfully top ranking in google.What To Expect Inside:- Why SEO Important- Content Marketing is at the highest level yet- Improve your business's
