Lipsey 10th Edition

This fully updated and revised edition provides Economics students with a clear and comprehensive introduction to the principles of both macroeconomics and microeconomics. The macro sections include more focus on economic growth and contain a variety of global examples including development and the world trading system, the Japanese economy, EU monetary and fiscal policies and transition economies.

The Thirteenth Edition is
significantly revised to reflect the
latest advancements in the field,
including major updates to
monetary policy, globalization
issues, and hot research areas
like experimental economics.
Economic debates are explored
for each major concept, so
students learn to analyze policy
intuitively and from an economic
perspective.
