(Guitar Educational). Teach Yourself to Play Guitar has been created specifically for the student with no music-reading background. With lesson examples presented in today's most popular tab format, which also incorporates simple beat notation for accurate rhythm execution, Teach Yourself to Play Guitar offers the beginning guitarist not only a comprehensive introduction to essential guitar-playing fundamentals, but a quick, effective, uncomplicated and practical alternative to the multitude of traditional self-instructional method books. It also: covers power chords, barre chords, open position scales and chords (major and minor), and single-note patterns and fills; includes lesson examples and song excerpts in a variety of musical styles rock, folk, classical, country and more; familiarizes the student with fretboard organization, chord patterns, hand and finger positions, and guitar anatomy by way of easy-to-interpret diagrams, photos and illustrations; provides complete, concise explanations while keeping text to a minimum; and prepares the student for the option of further guitar instruction.

(Book). The story of Epiphone, one of the oldest and most famous guitar companies, is told by former staff historian Walter Carter. It's an epic story spanning three centuries, from Old World roots in the 19th century to the golden age of American makers in the 20th century and onward into the global market of the new millennium. It's the story of America's business, from an individual luthier to a family business and on to corporate ownership. And it's the story of American popular music, powered by Epiphone guitars, from big-bodied Emperor that drove the swing bands of the 1930s, to the electric hollowbodies of the 1960s used by The Beatles and studio ace Howard Roberts, to custom solidbody models for such modern rockers as Noel Gallagher (Oasis), Jeff Waters (Annihilator), and Frank Iero (My Chemical Romance). Beautifully illustrated with photos of all the important Epiphone instruments and the extraordinary musicians who played them, this is a fascinating history of an iconic name in the world of the guitar.

Organized as a chord per spread, for the left and right hands, this is a handy, comprehensive reference for jazz, pop, rock and soul musicians playing the piano or keyboard at various levels. It teaches yourself the essential piano chords, and more.
