"These erotic drawings are replete with Cocteau favourites - well-endowed teenage sailors disporting themselves in a blatantly sexual manner ... delectable." - Gay Times Highly revealing in Cocteau's own search for personal truth, these sensitively drawn and haunting works have had a profound influence on our perception of the graphic relations between art and literature.

A great resource for all of Cocteau's erotic drawings that aren't really prominent in other books about his work. As a fan of the simplicity and naivety of his sketches I was a little disheartened that all of the drawings have been edited so that they're all mono- black on pure white background to suit the (cheapish) white paper.
