M. C. Escher: The Graphic Work: Escher, M C: 9783822896341 ...
Maurits Cornelis Escher (Dutch pronunciation:;; 17 June 1898 – 27 March 1972) was a Dutch graphic artist who made mathematically inspired woodcuts, lithographs, and mezzotints. Despite wide popular interest, Escher was for long somewhat neglected in the art world, even in his native Netherlands. He was 70 before a retrospective exhibition was held. In the twenty-first century, he became more widely appreciated, with exhibitions across the world. His work features mathematical objects and ...

File Type PDF Escher The Complete Graphic Work

Now available in paperback, an account of the life and work of this artist, drawn from family papers and Escher's own correspondence and essays, with an illustrated catalogue of his works, some of which had not previously been reproduced. First published in 1982.

All of the more than four hundred and fifty prints made by the popular graphic artist are reproduced and thoroughly discussed in an annotated study of Escher's unique visual exploration of time and space.

""Graphic Work"" presents over 80 of Escher's most interesting

File Type PDF Escher The Complete Graphic Work

pictures selected by the artist himself. It includes Escher's commentaries on his work, which make his startling visual effects more easy to interpret. The book also features Escher's own account of his evolution as an artist. An authentic source book of high significance, it offers the best introduction to the fantastic universe of the grand master of illusion.

Long before the first computer-generated 3-D images, M.C. Escher was a master of the third dimension. His impossible geometry and illusions, bordering between the scientific and psychological, are an homage to the possibilities of the human mind. This collection presents the artists' key graphic works and illustrations in stunning full-page reproductions, complete with detailed explanations of each mathematical problem.

File Type PDF Escher The Complete Graphic Work

Twenty-nine woodcuts and lithographs make use of optical illusions and unusual perspectives and are accompanied by the artist's comments.

This book provides a solid image of Escher as he saw himself--not as an 'artist' but as an artisan, a graphic artist with heart and soul, obsessed by contrasts and possessed by a unique creativity.

Discusses the perspective artist's life and works and offers prints of some of his best-known pieces, unpublished drawings, the artist's own commentary, and additional observations.
