European Medicines Agency practical guidance on the—

The European Medicines Agency (EMA) has published procedural guidance to help pharmaceutical companies prepare for the United Kingdom's (UK) withdrawal from the European Union (EU) . The guidance document outlines the practical and simplified requirements that companies should follow when they apply for changes to their marketing authorisation to allow for the continued marketing of their medicine in the European Economic Area after the UK withdraws from the EU.

Procedural guidance to help pharma companies prepare for—

The European Medicines Agency (EMA) has released a practical guide detailing the process for requesting access to unpublished documents held by the Agency. As foreseen by European Union law and detailed in the EMA's 2010 access-to-documents policy, citizens can have access to documents held by EMA. As part of its reorganisation initiated in 2013, the Agency has reviewed its process for handling access-to-documents requests to provide a tailored service for requesters.

Regulatory information—European Medicines Agency

The United Kingdom (UK) formally left the European Union (EU) on 31 January 2020 and became a third country. A transition period began on 1 February 2020, during which EU pharmaceutical law remains applicable to the UK. This is due to end on 31 December 2020. Since 2017, the European Medicines Agency (EMA) and the European Commission have been providing guidance to help pharmaceutical companies responsible for both human and veterinary medicines prepare for the consequences of Brexit.
