movements of running rails, using projected times and calculating average times years before the best-selling American books on speed rating were published. This new edition incorporates much new material, including standard times for all Irish racecourses (plus the major French ones). Mordin On Time enables the reader to construct their own speed ratings wherever they live.

Nursing

This new series traces the development of fighting equipment from the raw metal phase through construction and testing to combat. The first volume examines the finest U.S. fighter of World War II, the Mustang, through archival photos, detailed scale drawings, text outlining the plane's history and production techniques, and appendices packed with production facts and figures.

As an essayist who is a rationalist that maintains a laconic style, John Mack titles his essays to the point! Being an ice-cream vendor (The Good Humor Man) however, forces him to be flavorful if you will. Since all the essay titles are dry but to the point--the exception being the one poem with a title that automatically conjures up a play on the title word 'Wondering', to wit, the word 'wandering'. His original title for the manuscript was 'A Rational View of Subjects; An Anthology', but then

Cobblestone streets leading to perfectly preserved historic homes. Intricate wrought-iron gates opening to lush, fragrant gardens. A skyline of steeples and a river harbor bustling with schooners and sailboats. Charleston is one of America's most charming cities. In vibrant watercolors and detailed sketches, artist Diana Gessler captures the beauty and riches that make Charleston so unique: White Point Gardens, the Spoleto Festival, Rainbow Row, Waterfront Park, Fort Moultrie, the beaches of Sullivan's Island, sumptuous Lowcountry cuisine, and handmade sweetgrass baskets. Full of fascinating details--on everything from the art of early entertaining, the city's inspired architectural and garden designs, and George Washington's Southern tour to famous Charlestonians and the flags of Sumter--Very Charleston celebrates the city, the Lowcountry, the people, and our history. Hand-lettered and full color throughout, Very Charleston includes maps, an index, and a handy appendix of sites. With her cheerful illustrations and love for discovering little-known facts, Diana Gessler has created both an entertaining guide and an irresistible keepsake for visitors and Charlestonians alike.
