Intermediate Financial Management, 13th Edition - Cengage
The book also provided just enough information on topics like
financial modelling and options valuations to give you a competent
foundation but the book intentionally left out more complicated
explanations of those topics and suggested the use of other texts if
you preferred to get more detail. The free online tools were fairly
good as well.

Financial Management: Theory & Practice 15th Edition
Learning Objectives After reading this chapter, students should be
able to: □ Identify the different types of financial markets and
financial institutions, and explain how these markets and
