In addition to overseeing HOS regulations, the FMCSA is also responsible for the Compliance, Safety, and Accountability (CSA) program. The CSA program is used to identify high-risk carriers with safety problems and prioritize them for interventions, so it ' s important for fleet managers to understand how CSA scores work.

requirements for hours of service, which are recorded in driver logs, is very important. This is because driver logs are an essential part of the FMCSA logbook requirements. They can very often make or break an audit and subject you to strict action taken by the FMCSA if you haven ' t been compliant.
