side of everything

Freakonomics ...

Freakonomics, written by
journalist Stephen J. Dubner
and economist Steven D.

Levitt, is a book on modern
economics that provides key
insight into our society as

Get Free Freakonomics

well as clarifying the difference between causation and connectivity, and discussing situations where people have confused the two.

Freakonomics (2010) - Rotten Tomatoes

Freakonomics explores the hidden side of everything. If morality describes the ideal world, then economics describes the actual world. Further, Freakonomics

Get Free Freakonomics

studies incentives and how different people in different professions respond.

Freakonomics, however, immediately defies this conception, calling economics a discipline that examines the way the world actually works and

Get Free Freakonomics

distinguishing it from morality, which is an idealized version of the way people think the world should work.
