There, the fabric is cut, dyed, and assembled into our wardrobe staple: the plain cotton tee. The now manufactured T-Shirt is sent to the retailer to sell, ready to wear by a consumer blissfully unaware of the extensive process that just took place. Egypt's Industry: Potential and Decline. In Egypt, the textile industry is the second largest after agriculture, representing 30 percent of ...

From Seed to Staple: The Journey of an Egyptian Cotton T-Shirt

An understated essential, this T-shirt is made from cotton with a soft jersey quality. Cut for a straight, regular fit, it has a round neck with tightly ribbed detail and it is finished with neat topstitching at the edges. - Regular fit - Short sleeves - Contrast collar 100% Organic cotton / Machine washable Back length of size S is 25¼" / Model is 5'8" tall and wearing a size S

How does cotton turn into a soft T-shirt? Follow each step in the production cycle—from growing cotton to wearing a comfy shirt—in this fascinating book!

"A child wonders where t-shirts come from and learns about how cotton is harvested and made into yarn to make t-shirts. This illustrated narrative nonfiction book includes a map of where major cotton-growing areas are, a glossary, and further resources"—Provided by publisher.

This lively resource displays the newest and coolest in T-shirt design from the international design scene, with specially commissioned graphics from leading designers. Also offers a rare look at the personal T-shirt collections of top names from fashion and beyond.

Praise for THE TRAVELS OF A T-SHIRT IN THE GLOBAL ECONOMY "Engrossing . . . (Rivoli) goes wherever the T-shirt goes, and there are surprises around every corner . . . full of memorable characters and vivid scenes." "Time "An engaging and illuminating saga. . . . Rivoli follows her T-shirt along its route, but that is like saying that Melville follows his whale. . . . Her nuanced and fair-minded approach is all the more powerful for eschewing the pretense of ideological absolutism, and her telescopic look through a single industry has all the makings of an economics classic." "The New York Times "Rarely is a business book so well written that one would gladly stay up all night to finish it. Pietra Rivoli's The Travels of a T-Shirt in the Global Economy is just such a page-turner." "CIO magazine "Succeeds admirably . . . T-shirts may not have changed the world, but their story is a useful account of how free trade and protectionism certainly have." "Financial Times "[A] fascinating exploration of the history, economics, and politics of world trade . . . The Travels of a T-Shirt in the Global Economy is a thought-provoking yarn that exhibits the ugly, the bad, and the good of globalization, and points to the unintended positive consequences of the clash between proponents and opponents of free trade." "Star-Telegram (Fort Worth) "Part travelogue, part history, and part economics, The Travels of a T-Shirt in the Global Economy is ALL storytelling, and in the grand style. A must-read." "Peter J. Dougherty, Senior Economics Editor, Princeton University Press author of Who's Afraid of Adam Smith? "A readable and evenhanded treatment of the complexities of free trade . . . As Rivoli repeatedly makes clear, there is absolutely nothing free about free trade except the slogan." "San Francisco Chronicle

Pietra Rivoli is an economics professor at Georgetown University, where the question "Who made your T-shirt?" set her on a quest. On her journey she found that globalization is just as much about history and politics as it is about economics.

The Journey of a... series looks at how common products end up in our homes, starting with the raw materials and ending with the finished product. This title looks at the journey of a cotton t-shirt, examining how and where the cotton is grown, how it is

The keys to global business success, as taught by a T-shirt's journey The Travels of a T-Shirt in the Global Economy is acritically-acclaimed narrative that illuminates the globalizationdebates and reveals the key factors to success in global business.Tracing a T-shirt's life story from a Texas cotton field to aChinese factory and back to a U.S. storefront before arriving atthe used clothing market in Africa, the book uncovers the politicaland economic forces at work in the global economy. Along the way,this fascinating exploration addresses a wealth of compellingquestions about politics, trade, economics, ethics, and the impactof history on today's business landscape. This new printing of thesecond edition includes a revised preface and a new epilogue withupdates through 2014 on the people, industries, and policiesrelated to the T-shirt's life story. Using a simple, everyday T-shirt as a lens through which toexplore the business, economic, moral, and political complexitiesof globalization in a historical context, Travelsencapsulates a number of complex issues into a single identifiableobject that will strike a chord with readers as they: Investigate the sources of sustained competitive advantage indifferent industries Examine the global economic and political forces that explaintrade patters between countries Analyze complex moral issues related to globalization andinternational business Discover the importance of cultural and human elements ininternational trade This story of a simple product illuminates the many complexissues which businesspeople, policymakers, and global citizens are touched by every day.

A new, small-format edition of one of Edward Gorey's "dark masterpieces of surreal morality" (Vanity Fair): a witty, disquieting journey through the alphabet.

Reflects the diverse and rich graphic culture that has arisen from the t-shirt medium, considering its use in areas such as music, politics and fashion. Featuring photographs of T-shirts worn on the street, specially commissioned graphics, collections, and the best and coolest graphics from around the world. 300% Cotton will appeal to designers, illustrators and art directors, as well as a general enthusiasts and collectors.

Everyone wears t-shirts: old/young, men/women, black/white, cool/uncool...The t-shirts were popularised by Marlon Brando and James Dean and had become acceptable by 1955. Today they are the ultimate fashion apparel. But too many are produced by sweatshop labour, from cotton doused with pesticides that kill people and the environment. Now the trade justice movement seeks fair trade for cotton producers - a new slogan for taoday's t-shirts.
