Dark Horse Books and SEGA present the Sonic the Hedgehog Encyclo-Speed-ia—a must-have volume for any fan of Sonic, young or old!

From one of our most innovative and celebrated authors, the definitive take on the wildest story of the year—the David-vs.-Goliath GameStop short squeeze, a tale of fortunes won and lost overnight that may end up changing Wall Street forever. Bestselling author Ben Mezrich offers a gripping, beat-by-beat account of how a loosely affiliate group of private investors and internet trolls on a subreddit called WallStreetBets took down one of the biggest hedge funds on Wall Street, firing the first shot in a revolution that threatens to upend the establishment. It's the story of financial titans like Gabe Plotkin of hedge fund Melvin Capital, one of the most respected and staid funds on the Street, billionaires like Elon Musk, Steve Cohen, Mark Cuban, Robinhood co-CEOs Vlad Tenev and Baiju Bhatt, and Ken Griffin of Citadel Securities. Over the course of four incredible days, each in their own way must reckon with a formidable force they barely understand, let alone saw coming: everyday men and women on WallStreetBets like nurse Kim Campbell, college student Jeremy Poe, and the enigmatic Keith "RoaringKitty" Gill, whose unfiltered livestream videos captivated a new generation of stock market enthusiasts. The unlikely focus of the battle: GameStop, a failing brick-and-mortar dinosaur catering to teenagers and outsiders that had somehow held on as the world rapidly moved online. At first, WallStreetBets was a joke—a meme-filled, freewheeling place to share shoot-the-moon investment tips, laugh about big losses, and post diamond hand emojis. Until some members noticed an opportunity in GameStop—and rode a rocket ship to tens of millions of dollars in earnings overnight. In thrilling, pulse-pounding prose, THE ANTISOCIAL NETWORK offers a fascinating, never-before-seen glimpse at the outsize personalities, dizzying swings, corporate drama, and underestimated American heroes and heroines who captivated the nation during one of the most volatile weeks in financial history. It's the amazing story of what just happened—and where we go from here.

An insightful, captivatingly designed, full-color book that transports readers to the futuristic megalopolis of Night City—the epicenter of the vibrant new action-RPG from CD Projekt Red. Step into the year 2077, a world dotted with dystopian metropolises where violence, oppression, and cyberware implants aren't just common—they're necessary tools to get ahead. Delve into incisive lore to discover how the economic decline of the United States created a crippling dependence on devious corporations and birthed the Free State of California. Explore the various districts, gangs, and history of Night City. Learn all there is to know about the technology of tomorrow and research the cybernetics, weapons, and vehicles of Cyberpunk 2077. Dark Horse Books and CD Projekt Red present The World of Cyberpunk 2077—an extensive examination of the rich lore of Cyberpunk 2077. This intricately assembled tome contains everything you need to know about the history, characters, and world of the long-awaited follow-up from the creators of The Witcher video game series.

*The Legend of Zelda™. Art and Artifacts contains over four hundred pages of fully realized illustrations from the entire thirty-year history of The Legend of Zelda™--

Gamestop Paper Application – iqt.tilth.org

Bitcoin, the landmark digital money and financial technology, has spawned a global social movement with utopian ambitions. The notion of a new currency, maintained by the computers of users around the world, has been the butt of many jokes, but that has not stopped it from growing into a technology worth billions of dollars, supported by the hordes of followers who have come to view it as the most important new idea since the creation of the Internet. Believers from Beijing to Buenos Aires see the potential for a financial system free from banks and governments, and a new global currency for the digital age. An unusual tale of group invention, Digital Gold tells the story of the colorful characters who have built Bitcoin, including a Finnish college student; an Argentinian millionaire; a Chinese entrepreneur; Tyler and Cameron Winklevoss; Bitcoin's elusive creator, Satoshi Nakamoto; and the founder of the Silk Road online drug market, Ross Ulbricht. With Digital Gold, New York Times reporter Nathaniel Popper offers a brilliant and engrossing account of this new technology. At each step of the way, Bitcoin has provided one of the most fascinating tests of how money works, who benefits from it, and what it might look like in the future.
