Famed for her many adventures, Frances made her debut with this title over thirty years ago. In this first Frances book, the little badger adroitly delays her bedtime with requests for kisses and milk, and concerns over tigers and giants and things going bump in the night. Long a favorite for the gentle humor of its familiar going to bed ritual, *Bedtime for Frances* is at last available with the warmth of full color enriching Garth Williams's original nuanced and touching art. Here is the coziest, most beguiling bedtime story in many a day. Kirkus Reviews (pointer).

From the #1 New York Times bestselling author of the Reckoners series, the Mistborn trilogy, and the Stormlight Archive comes the third book in an epic series about a girl who will travel beyond the stars to save the world she loves from destruction. Spensa's life as a Defiant Defense Force pilot has been far from ordinary. She proved herself one of the best starfighters in the human enclave of Detritus and she saved her people from extermination at the hands of the Krell—the enigmatic alien species that has been holding them captive for decades. What's more, she traveled light-years from home as an

undercover spy to infiltrate the Superiority, where she learned of the galaxy beyond her small, desolate planet home. Now, the Superiority—the governing galactic alliance bent on dominating all human life—has started a galaxy-wide war. And Spensa—s seen the weapons they plan to use to end it: the Delvers. Ancient, mysterious alien forces that can wipe out entire planetary systems in an instant. Spensa knows that no matter how many pilots the DDF has, there is no defeating this predator. Except that Spensa is Cytonic. She faced down a Delver and saw something eerily familiar about it. And maybe, if she’s able to figure out what she is, she could be more than just another pilot in this unfolding war. She could save the galaxy. The only way she can discover what she really is, though, is to leave behind all she knows and enter the Nowhere. A place from which few ever return. To have courage means facing fear. And this
